To Whom It May Concern:

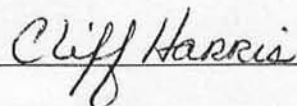

I Cliff Harris Sheriff Pecos County would never hesitate to recommend Southwest Architects to any potential client.

I have found Jeffrey Heffelfinger to be very knowledgeable of all standards and requirements of the Texas Commission on Jail Standards.

I also found that Jeff was always available for any questions that I had. He also made as many trips as necessary to get the job done. I appreciate his personal involvement in our project; even after the project was completed he checks with us to see if we had problems that he needed to take care of.

Thanks for a job well done.

Respectfully,

Cliff Harris
Sheriff
Pecos County
