Re: Construction of new 144 bed Young County Jail and Law Enforcement Center at 315 North Cliff Drive, Graham, Young County, Texas 76450

Gentlemen:

The Young County Commissioners Court and Sheriff Bryan Walls thank you for a job well done.

Mr. Heffelfinger and his protégé, Mr. Justin Gilmore, were invaluable in making our sorely needed new Jail and Law Enforcement Center a reality. They were with us every step of the way from the initial design phase through our first year. The smooth flowing operation of our new facility is a testament to their attention to detail and experience.

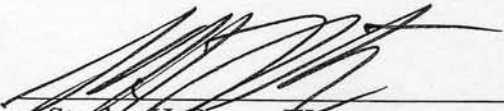

Mr. Butler was as professional a builder as one could hope to meet. He went above and beyond the call of duty to assist us in the planning stages and was always looking for ways to save the county money without sacrificing quality. As a result of his efficient coordination of subcontractors and his experience, we have a well constructed facility which will serve the county well for many years to come.

The Commissioners and I would highly recommend either or both of companies to any other county seeking to build a new detention center or remodel an existing facility.

Very truly yours,

The Young County Commissioners Court
